

School Neuropsychology Alumni Connection (Blackboard™) Website

Dear Diplomat in School Neuropsychology:

Many school neuropsychologists have approached me over the years about their desire to have continued contact with their former classmates (if they took the School Neuropsychology Post-Graduate Certification Program) and other school neuropsychology diplomates from around the country. For those of you that took the KIDS, Inc./TWU School Neuropsychology Post-Graduate Certification Program you are familiar with the web-based part of the course called Blackboard. Unfortunately, soon after the course is over, access to the course Blackboard site is no longer available.

In response to these requests, I have created the School Neuropsychology Alumni Connection Blackboard site for graduates of the school neuropsychology post-graduate certification program and other interested school neuropsychology diplomates. You must hold a current Diplomat in School Neuropsychology from the American Board of School Neuropsychology in order to sign up for this service.

There will be an **annual fee of \$100** to subscribe to this School Neuropsychology Alumni Connection Blackboard Site.

The features of the site will include:

- Updated lecture notes from ongoing school neuropsychology classes. For example, when the NEPSY-II came out in the fall of 2007 there was a new lecture on that topic posted on the site.
- Continued access to the updated school neuropsychology class lecture notes.
- Group pages set up by graduating class, so you can stay in contact with your former classmates.
- Discussion threads about current issues in school neuropsychology.
- Related website links for school neuropsychologists.
- A folder that contains a repository of interesting case studies sorted by diagnosis and age. This will be especially important for practitioners who would be able to compare their case study results to archival case studies. There will be a mechanism put in place to upload case studies to the archive.
- An announcement page that will include upcoming conference information, book releases, etc.

If you are interested in signing up for this Alumni School Neuropsychology Blackboard Site, fill in the form at the bottom of the page and send a \$100 **check payable to KIDS, Inc. and mailed to 1156 Point Vista Rd. Hickory Creek, TX 75065.**

Name: _____

Address: _____

City, State & Zip Code: _____

Email Address: (must be current in order to have Blackboard Access):

Program Site Graduated From: _____ Graduation Date: _____

You will be sent a user ID and password after you register.
